

Service Plan Registration

Before you can install the CELL682 and take advantage of cellular based monitoring, you must first activate a one year service plan. All plans are billed for the full plan term at time of activation. You'll be notified several months before your plan term is ready to expire.

To activate your CELL682, fill out this form and send to Sensaphone via fax, register@sensaphone.com, or U.S. mail. This form must be received to activate your unit. Visit www.cell682.com to access your CELL682 device.
